

*"Taking Soccer to Underserved Communities:
Creating, Developing, and Sustaining a Youth Development Program"*

The Urban Soccer Collaborative is a national coalition of organizations who are doing youth development through soccer. The USC was created to support and help develop youth soccer programs in underserved communities. We do this by providing members with opportunities and resources for organizational and youth development.

Panel Discussion:

- I. The Top 10 List of Things to Know
(Panel Discussion)
The "short" list of what you need to know whether you have been doing a program for the last 15 years or whether you are just thinking about doing it. No matter where you are in the process, we guarantee you will find this information very helpful.

- II. How Do You Do What You Do? How Can the USC Help You Do It Better?
(Breakout Sessions)
This session will allow for you to hear from others regarding their programs as well as the opportunity to ask questions and give feedback to the USC.
